SUMMERVILLE & LARSON  
of Gray, Iowa  
are consigning 10 head to  
complete this sale  
of 43 lots

★ ★ ★

Bring this catalog with you sale day.

## ***Statement by N. G. Kraschel***

I have inspected the cattle listed in this catalog and find them to be of top quality.

Four generations of the Saunders family have been cattle breeders. For more than fifty years the name "Saunders" has enjoyed a national reputation as a breeder of quality Shorthorns.

During this long and enviable career, their herd has never been entitled to a higher rating. This offering contains some of their best cattle. I recommend them to all discriminating buyers.

N. G. KRASCHEL

Dinner will be served by the ladies of the Methodist  
Church of Manilla

## Terms and Conditions of Sale

**Terms:** Cash or arrangements made with owners before sale date.

Cattle sold in sale are healthy. Have been Bangs and TB tested within 30 days prior to sale day and will meet all health requirements. Health certificates will be furnished with each lot sold. Bulls are guaranteed breeders if properly cared for and not allowed to run with the herd. If a bull fails to breed, he may be returned to the seller, if in as good condition as when bought and if after a test in the seller's herd he still fails to breed, he will be replaced or the purchase money will be refunded. All cows with calves at foot are considered breeders and no further guarantee is made with respect to them. All other cows and heifers over sixteen months old at time of the sale are guaranteed to be breeders. Animals returned to sellers because they do not comply with guarantee will be at buyer's cost of transportation and buyer's risk.

The above guarantee and terms shall constitute a contract between Cumberland Stock Farm II and buyer of each lot.

A certificate of registry and a recorded transfer will be furnished for each lot sold and an application for registry will be furnished for each calf sold at foot, and for each unborn calf sold in dam.

We shall not be responsible for any accidents that may occur but we shall make every effort to provide for the safety and comfort of our guests.

**Bids:** Those wishing to buy who cannot be present, may send bids to Mervin F. Aegerter, Shorthorn World; M. T. White, Wallaces Farmer; J. L. Miller, Corn Belt Dailies, or N. G. Kraschel, auctioneer.

All statements from the auction block sale day will take precedence over any statement in catalog.

# ANNOUNCEMENT

## Mostly About "Ransoms"

In writing this announcement and invitation to our first Shorthorn sale, many things come to our mind that we would like to tell our many friends in the Shorthorn business. One of the things that has stood out in the writer's short association with Shorthorns and the wonderful men, the breeders, owners, herdsmen and fieldmen, is the friendship and fellowship of the late Will Johnson. We are reprinting a short letter written by him to us in 1944 when my father held his dispersion sale. He wrote:

The Saunders herds at Manilla, Iowa, have been among the best in that great Shorthorn State for almost a half century. The late Charles Saunders bred Shorthorns that, in type and early maturity, were "ahead of their time." He was one of the earliest to recognize the trend toward short legs, compact bodies and consequent early maturity. His cattle exhibited such desirable quality and character that, even though they were somewhat different from the current type of thirty or forty years ago, judges could not turn them down and they won many championships, thereby making popular the present type of Shorthorns.

Charles Saunders' sons, John R. and Charles, have carried on with this type and improved their herds throughout the years, and John's son Ray enlisted in the cause of improvement at an early age and has been one of the strongest factors in making this one of Iowa's foremost herds of Shorthorns.

The "Cumberland" type has come to be the established type among the best breeders in America, and as this herd was the first and foremost example of that type, the dispersion of the herd presents an unusual opportunity to buy Shorthorns that will perpetuate the breed's greatest assets.

The herd is to be dispersed, but I cannot believe that the Saunders name will be missing from the list of breeders of the future. I feel sure that later, when some economic adjustments have been made, that Ray Saunders again will enlist in the cause, and I predict that the herd that he will build up will add new lustre to the Saunders name.

WILL JOHNSON of The Shorthorn World.

I would like one wish, which I know can never be granted "even by God"—that Will Johnson and my grandfather might be present at our sale and see unfold at least a part of the picture he foresaw.

After the dispersion sale, and when it became apparent that we were "Shorthorn men," we decided to restock Cumberland Stock Farm II. After carefully studying the purebred business, we came to the conclusion that the men who have made long strides in breeding cattle, have practiced line breeding, Mr. Hazlett of Hereford fame, Mr. Tolan of the Angus, and a number of the great Shorthorn breeders. My grandfather raised his great cattle after the mating of Cumberland's Last to Cumberland bred females.

In looking over the Shorthorns and talking with some of the best professors at our agricultural colleges, it became clear to me that no one line of Shorthorns could stand doubling up as well as the blood of the Perth champion **Millhills Ransom**—a bull that has left more good cattle in Canada and the United States than any other, taking into consideration of course the fact that he lived only a short time.

Our chance to own such a bred bull came at the Iowa Interstate Sale, Sioux City, March 8, 1945. We bought Don Hill Ransom 2223308, a double great grandson of the great **Millhills Ransom**. He is not only double bred but line bred as well, both his dam and sire being sired by Green Grove Ransom.

We couldn't pass up this opportunity. We brought him home at the top figure of that sale, and started a new Cumberland herd. His calves have spoken for him wherever shown.

We are convinced we are on the right track. We bought another Ransom bull, Briardale Corporal, a grandson of O.A.C. Ransom O23, from Col. Torrance Beardmore of Mono Mills, Ont. We mated him to his half sister and have **the** line bred bull on the farm now to follow on the calves of Don Hill Ransom.

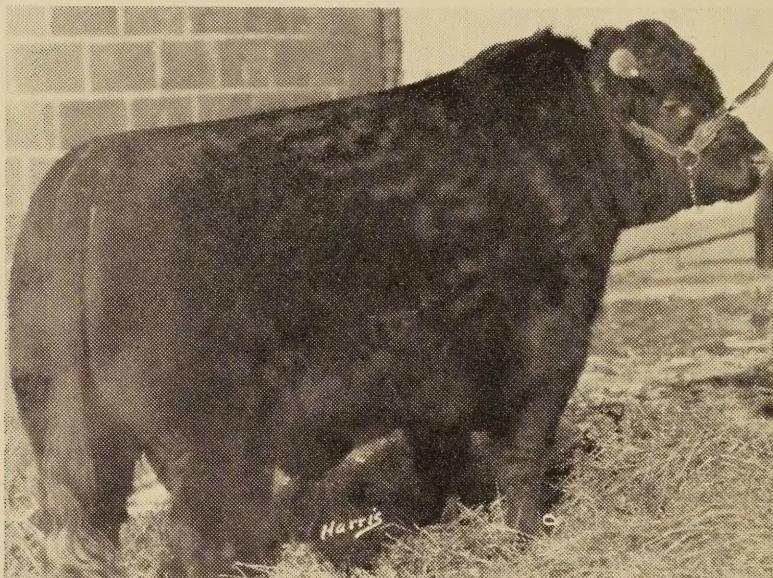

Those of you who are interested in Shorthorns will do well to think a bit about the **RANSOMS**. They are born "color correctors," of the right type, and wherever shown they make friends.

Our cow herd has been carried along with only the idea of production, never a thought of having them in show condition, so our cattle will be offered in breeding condition.

And now, friends, accept this invitation to our first sale at the "Iowa Home of the Ransoms." Visit us sale day, and we will talk some more about the Ransoms.

Yours very truly,  
JOHN R. SAUNDERS & SON  
By Ray M. Saunders.

4th in Class to Grand Champion Female, Open Class, Iowa State Fair 1949.

### **The Proof of the Pudding**

When John R. Saunders & Son, Manilla, Iowa, purchased Don Hill Ransom, they certainly made a progressive step forward in the Shorthorn business. Sale visitors on March 20 are going to be highly pleased with the uniform lot of dark colored, modern type Shorthorns being offered them. Ray pointed out to me that in order to get enough cattle for this sale they were cutting deep into their breeding herd. This naturally is to the buyer's advantage and it is your assurance that you will get honest to goodness working cattle with good production records back of them.

**BRIARDALE CORPORAL**—Is one of the thickest, best headed bulls to sell this year. He deserves a place at the head of a good herd. I'm going to print a letter from Prof. Knox, head of animal husbandry, of Ontario Agricultural College, which will show some of the background in this young bull's pedigree. You will see some good calves by the Corporal sale day, and no doubt if we did not have to dig so deep into our breeding herd this bull would not be offered for sale. We would like to retain some breeding privileges to this good sire.

## **Letter**

Mr. Ray M. Saunders,  
Manilla, Iowa, U. S. A.

Dear Sir:

Acknowledging receipt of your letter of recent date, the writer begs to express pleasure at learning of the purchase which you made while visiting here in Canada.

Personally, I am rather proud of the Beardmore calf in view of the breeding ability of his dam, combined with that of his sire. If there is anything in breeding, this bull should pass on many desirable characteristics to his progeny.

Yours very truly,

R. G. KNOX  
Professor of Animal Husbandry  
and Head of Department.

CUMBERLAND RANSOM 15th—Here is, I believe, the best bull to leave the Home of the Ransoms. Truly a bull that could enter any breeder's herd and breed improvement. This bull would leave his mark if shown at any of the spring sales, and could be carried on to the show circuit and would not always be beaten. Look at the dam. A Retzlaff Golden Chain by Brawith Nugget. Can you beat this? This dam was one of the top females in Carl's 1945 sale.
